## A few tips:

Bro. Hermis will have a meeting every morning to go over the day's events – please make sure you are in attendance. These meetings are important – the schedule for the day is given and other important info from the Dorm Parents.

The TEEN WORKERS have a lot of responsibility – please be kind and encourage/pray with them as well.

Some of these campers are first timers, don't have the Holy Ghost, and may be missing home – be patient, it gets better towards the end of the week, and YES!!! we want them to receive the Holy Ghost!!

The campers have the opportunity each day to sign up for Singspiration, Sticks, Sign Team and Drama (these spots are limited) ... everyone can be in the choir!

Dorm Workers eat meals at the same time as the campers – plan your time wisely – get through the line early so you can assist with clean up – eat later so you can assist with the line.

Meet some new friends and enjoy the week – it goes by so fast and these kids will remember your impact!
